NEWS OF THE DAY.

THE WAR-

A very important prize case will be argue In the United States Supreme Court, on the 20th inst. It grows out of the Porter-Banks expedition up Red River, and involves the right of the Mississippi ganboat to capture cotton as a prize, and distribute the
proceeds among the crew, as in the case of captures on
gas. The cotton was captured at Alexandria, which
was at that time in possession of the United States
troops, and the question will also come up whether was at that time in possession of the United States freeps, and the question will also come up whether under such circum stances it can be said to have been

games of the capture of the British schooner Fannie McRae, by the United States schooner Fox, off St. Marks, Florida, with an assorted cargo. She was bound from Matamores for Havana; also, of the capture of the Rebel schooner Josephine, by the United States steamer Seminole, on the 14th of January, off Brazos, Texas, with a cargo of 134 bales of cotton, from Galveston bound for Matamores.

THE PIRE DEPARTMENT.

Conclusion of the Investigation.

ALBANY, Thursday, Feb. 9, 1865. The Select Committee appointed by the

Senate Chamber.
Chief Engineer Decker said that most of those who When the Fifth Corps fell back to the line of works that the first class who had come to Albany in behalf of the bill, had returned to New-York under the impression that, as the former paid by some of the first class returning the follow very vigorously, nor did they make any attempt to New-York under the impression that, as the former paid by some of the first class returning the follow very vigorously, nor did they make any attempt to New-York under the impression that, as the former paid by some of the first class returning the following the first class returned to the first class and not embracing the following the first class returned to the first class and not embracing the following the first class returned to the first class and not embracing the following the first class returned to the first class and the first class returned to the first class and the first class returned to the first class and the first class returned to the first class and the first class returned to the first class and the first class returned to the first class ret Committee had resigned, they would not be called upon to appear so soon. He did not know as the Committee would feel disposed to indulge them any further Eggs begin to come to the committee would feel disposed to indulge them any further to the committee would feel disposed to indulge them any further the committee would feel disposed to indulge the committee would feel disposed the committee would fe to appear so soon. He did not know as the Com-

It was believed, however, they would do so yesterday morning, but up to noon no sign of an attack appeared, nor did the Rebels seem to be in strong force in the vicinity.

It was therefore determined to send a reconnoissance out over the ground occupied by us the day previous, and ascertain where the Rebels were, and if possible force them back to their works at Thabaey's Mill.

Gen. Crawford's Division of the Fifth Corps, having led the advance the day before, and being best are quainted with the nature of the country. was selected for the duty, which they performed to the entire satisfaction of the Commanding General.

The column moved aboutineon, taking the Dabney's Mill read, and after advancing about half a mile struck the Rebels help kelts, who felt be appeared by a part of Gen. When the sentence of the means and the sentence of the means and the sentence of the means and the sentence of the control of the control of the control of the command of the Sixth Corps.

A line of battle was then formed, the right resting on Hatcher's Run and the left supported by a part of Gen. When the sentence of the transparence of the means and the sentence of the control of the control of the Corps and the sentence of the means and the sentence of the means and the sentence of the means and the sentence of the mean and the sentence of the

Q. Senator Lambeer—At what rate per hour are they ordinarily moved in geing to a fire? A. On the pavement in Broadway they run a mile inside of cigal minutes.

Q. About seven and a half miles an bour? A. Yes, sir. In Winter, when the reads are feel and there is snow and ice, and it is required to haul hose up several flights of stairs, nine men would be insufficient. The worse the weather the more men are required, especially in freezing times. I do not see how you are going to have a paid department without its costing more than half a million of dollars, if you get the right kind. I men to perform their duy. I do not think you can hire a man for \$200 or \$000 ayear.

Q. How many apparatuses are there in New-York?

A. 125 engine, truck and hose carriages. There are some 30 tenders to engines, and we have quite a number of what we call "crabs" and "jumpers" for bad weather.

Q. In all 165? A. Yes, sir.

Q. How much would men have to be paid a year?

A. Might per some men for \$200. I do not think that

A might per some men for \$200. I do not think that

A might per some men for \$200. I do not think that

A might per some men for \$200. I do not think that

A might per some men for \$200. I do not think that

A. 123 engine, track and lose christopher some 30 tenders to engines and we have quite a number of what we call "crabs" and "jumpers" for bad weather.

Q. In all 125? A. Yes, sir.

Q. How much would men have to be paid a year?

A. Might yet some men for \$5.00. I do not think that any man who calculated to perform his duty shifthilly and honestly should be expected to perform it for less than a policeman. I consider the labor mere valuable than a policeman. I consider the labor mere valuable and more ardunes. No doubt yet cartainly not for less. If those men are to be at their station night and day, we have got to adopt the system of "bunking," which we have got to adopt the system of "bunking," which we have got to adopt the system of "bunking," which we have got to adopt the system of "bunking," which is been said is so demoralizing. If you do not calculate to keep them there, I would like to ask how your fire department is soing to be efficient.

Senator Lambeer: What foundation have you for saying this paid department will cost that if you got near not do it for less thankal's million, and get competent men. If you take old drones I suppose you can get them at land price. I mean it would cost that if you get men in whose hands you would feel it safe to transt you cannot depend upon mise men. A comple of these men may be sleet—specially those that git paid.

I find more sick when they cat paid they give the men may be sleet—specially those that git paid.

I find more sick when they cat paid they get the count of the safe which would or New York has been turned late a piedge some time all you cannot depend upon mise men. A comple of the same may more deviced in the same may be sleet—specially those that git paid.

I find more sick when they cat paid they would be made. I show me a case which would or New York has been turned late a piedge some time and the special paid to the same him of the will be such as paid department, and has been any more efficient or the rates of maurance decreased, to go with them for filles for an eferment of that number. If there are 1,000 thirts of the fire Department I do not want to be at the head to it. I am sure I should have redged long ago if it there are cults to be removed they can do it as well as the Police Commissioners sit to adjufficate upon thieves. If there are cults to be removed they can do it as well as the Police Commissioners can in their department. I have sometimes accen a little bickering, not about struck, among firemen, and the next day the papers would come out with an account of a "dist graceful fight." That has been going on two or three years to damage the character of the papers where years to damage the character of the council be controlled. But Mr. Wilson showed the evertal companies have been disbanded of his-banded I wish the public to understand it is not disbanded I wish the public to understand its not disbanded I wish the public to understand its not disbanded I wish the public to understand its not dispanded in the public to understand its not dispanded in the public to understand its not dispanded I wish the public t
